

SOFTWARE DEVELOPMENT AGREEMENT

Date: November 26, 2025

This Software Development Agreement (the 'Agreement') is made between:

Client: Atlas Financial Systems Corporation

Registered Address: 575 Lexington Avenue, 4th Floor, New York, NY 10022, USA

Authorized Executive: Jonathan R. Whitman, Executive Vice President of Strategy

Developer: BlueForge Software Engineering Ltd.

Registered Address: 92 Great Eastern Street, London EC2A 3HZ, United Kingdom

Authorized Executive: Sophie A. Caldwell, Director of Engineering

1. PURPOSE

The Client seeks the professional expertise of the Developer to architect, design, and implement a custom enterprise-grade software platform intended to support internal financial operations and workflow automation. The Developer agrees to undertake this work under the terms outlined in this Agreement.

The Client seeks the professional expertise of the Developer to architect, design, and implement a custom enterprise-grade software platform intended to support internal financial operations and workflow automation. The Developer agrees to undertake this work under the terms outlined in this Agreement.

The Client seeks the professional expertise of the Developer to architect, design, and implement a custom enterprise-grade software platform intended to support internal financial operations and workflow automation. The Developer agrees to undertake this work under the terms outlined in this Agreement.

2. SCOPE OF WORK

The Developer shall prepare a full technical specification, system architecture blueprint, database schema plan, and complete implementation of the application components defined in the Statement of Work (SOW).

The Developer shall prepare a full technical specification, system architecture blueprint, database schema plan, and complete implementation of the application components defined in the Statement of Work (SOW).

The Developer shall prepare a full technical specification, system architecture blueprint, database schema plan, and complete implementation of the application components defined in the Statement of Work (SOW).

3. DELIVERABLES

Deliverables will include production-ready source code, compiled builds, integration APIs, onboarding documentation, infrastructure deployment templates, and user training materials.

Deliverables will include production-ready source code, compiled builds, integration APIs, onboarding documentation, infrastructure deployment templates, and user training materials.

Deliverables will include production-ready source code, compiled builds, integration APIs, onboarding documentation, infrastructure deployment templates, and user training materials.

4. DEVELOPMENT SCHEDULE

The project schedule shall be divided into milestone phases. Each milestone shall be accompanied by review meetings, acceptance criteria, and timeline adjustments as necessary.

The project schedule shall be divided into milestone phases. Each milestone shall be accompanied by review meetings, acceptance criteria, and timeline adjustments as necessary.

The project schedule shall be divided into milestone phases. Each milestone shall be accompanied by review meetings, acceptance criteria, and timeline adjustments as necessary.

5. PAYMENT TERMS

The Client agrees to compensate the Developer according to milestone-associated invoices. Payments shall be made via wire transfer within 15 business days. Banking details will be provided in Annex A.

The Client agrees to compensate the Developer according to milestone-associated invoices. Payments shall be made via wire transfer within 15 business days. Banking details will be provided in Annex A.

The Client agrees to compensate the Developer according to milestone-associated invoices. Payments shall be made via wire transfer within 15 business days. Banking details will be provided in Annex A.

6. CHANGE REQUESTS

All modification requests must be documented via formal Change Request forms. The Developer shall provide revised estimates for cost, timeline, and technical scope.

All modification requests must be documented via formal Change Request forms. The Developer shall provide revised estimates for cost, timeline, and technical scope.

All modification requests must be documented via formal Change Request forms. The Developer shall provide revised estimates for cost, timeline, and technical scope.

7. INTELLECTUAL PROPERTY

Upon full payment, the Client shall hold exclusive rights to all code delivered. Pre-existing proprietary tools, internal frameworks, or licensed libraries remain the exclusive property of the Developer or original licensors.

Upon full payment, the Client shall hold exclusive rights to all code delivered. Pre-existing proprietary tools, internal frameworks, or licensed libraries remain the exclusive property of the Developer or original licensors.

Upon full payment, the Client shall hold exclusive rights to all code delivered. Pre-existing proprietary tools, internal frameworks, or licensed libraries remain the exclusive property of the Developer or original licensors.

8. CONFIDENTIALITY

Both parties shall protect confidential information disclosed throughout the collaboration, including financial data, architectural insights, internal processes, and business strategy.

Both parties shall protect confidential information disclosed throughout the collaboration, including financial data, architectural insights, internal processes, and business strategy.

Both parties shall protect confidential information disclosed throughout the collaboration, including financial data, architectural insights, internal processes, and business strategy.

9. WARRANTY

The Developer warrants that the delivered Software will conform to specifications for a period of 120 days following final acceptance. Defects identified shall be corrected at no additional cost during the warranty period.

The Developer warrants that the delivered Software will conform to specifications for a period of 120 days following final acceptance. Defects identified shall be corrected at no additional cost during the warranty period.

The Developer warrants that the delivered Software will conform to specifications for a period of 120 days following final acceptance. Defects identified shall be corrected at no additional cost during the warranty period.

10. MAINTENANCE AND SUPPORT

Support services shall include bug fixes, minor adjustments, and security patches under a separate annual or monthly support agreement.

Support services shall include bug fixes, minor adjustments, and security patches under a separate annual or monthly support agreement.

Support services shall include bug fixes, minor adjustments, and security patches under a separate annual or monthly support agreement.

11. TERMINATION

Either party may terminate this Agreement if the other fails to meet obligations and does not remedy within 30 days of written notice.

Either party may terminate this Agreement if the other fails to meet obligations and does not remedy within 30 days of written notice.

Either party may terminate this Agreement if the other fails to meet obligations and does not remedy within 30 days of written notice.

12. LIMITATION OF LIABILITY

Neither party shall be liable for indirect damages such as lost profits. Total liability shall not exceed the amount paid under this Agreement.

Neither party shall be liable for indirect damages such as lost profits. Total liability shall not exceed the amount paid under this Agreement.

Neither party shall be liable for indirect damages such as lost profits. Total liability shall not exceed the amount paid under this Agreement.

13. INDEPENDENT CONTRACTOR

The Developer is recognized as an independent contractor and shall not be considered an employee or agent of the Client.
